

MEASURING TRANSDUCERS

RD 500 - REMOTE DISPLAY FOR MEASURING

USE

Remote display is very useful for a quick survey of all measured parameters or for setting up the (U)MT5xx measuring transducers without the PC. Navigation keys and graphical LCD display enable remote application and remote display settings. By choosing different RD 500 target communication addresses it is possible to track measurements and change settings for up to 32 (U)MT 5x0 measuring transducers.

FEATURES

- Remote application for measuring transducers (U)MT560, (U)MT550, (U)MT540
- Network connection for up to 32 transducers
- RS485 communication
- Universal power supply 48-276 V AC, 20-300 V DC
- Graphical LCD 128 x 64 dots
- Remote display is available as ANSI Style 4" Round version or DIN Style 96x96 mm version
- Multilingual support
